Children in Need Day

Thank you to all who dressed up and donated. We raised a fabulous £334.50!

Bike It Plus Poster Competition

As you will remember from our very successful Bike Breakfast and Dr Bike session a few weeks ago, we are part of the Sustrans 'Bike It Plus' project, which helps schools promote cycling as a healthy, environmentally-friendly and fun way to get to school.

The next activity that our pupils are involved in is to design a poster to explain the importance of **Being Bright & Being Seen** on the school journey. The top entries from each school will all win prizes, and the **overall winner in Newham will win a brand new bike!**

The posters should be informative, imaginative, and fun.

The key questions for the children to consider are:

Why is it more important to be seen in the winter?

What can you do to help be seen?

The A4 posters can be hand drawn or created using a computer but for copyright reasons posters should not involve images created by other parties e.g. from the Internet.

The children must write their full name, age and our school name on the back of their poster and hand in to their class teacher by **Wednesday 9th December**. Only one entry per child please!
