

Godwin Newsletter 1st November 2019

Head Teacher's Message

From Monday 11th November Godwin children will be able to walk, scoot and cycle to and from school enjoying a much healthier and safer journey. The banners outside school give details of the Healthy Schools Streets initiative which you were consulted on earlier this year. It is great to see that our children's work in promoting article 24 of the UNCRC – every child has the right to a clean environment – has had such a positive impact. Our MP, Lyn Brown, presented a petition to parliament earlier this year and our children have written to both Sadiq Khan and Rokhsana Fiaz about the need to ensure clean air.

Educational visits are something which we know really support our children's learning and are memorable experiences for them. We are delighted that our catering company, Juniper, has switched from single-use to re-usable water bottles for packed lunches. This is a great way of reducing plastic pollution, which our children are so knowledgeable about, and promoting a cleaner environment.

Online Safety Workshops

Thursday 7th November at 3.40pm

Friday 8th November at
for about 40 minutes)

We know that our children love to use technology at home to work, play and get creative, but these skills could lead to unsafe behaviours if left unchecked. It's now more important than ever that as a parent/carer, you feel confident to support and protect your children in their use of computers and other technology.

Please come along to one of our workshops to receive the latest advice, and feel free to bring your tablet, 'phone or laptop to update security settings.

Can You Help?

We urgently need empty (washed out) 2 litre plastic bottles and dark coloured buttons for our Remembrance Day project. Please deliver to your child's class on Monday. Thank you!

Cake Sale
