

## Head Teacher's Message

What a fantastic start we have made to the 100 Million Minutes Reading Challenge. This is a national competition where the total number of minutes which all pupils read for is compared to other schools. So many of our children have told us that they are reading more than ever before because they want to see Godwin on the leader board. Let's make it happen!

British Science Week starts today. We will be marking this at Godwin by beginning each day with science 'brain-strainers' to get the children thinking and talking scientifically. We want to encourage them to generate ideas about what might happen in certain situations and discuss their reasoning – it is more about the conversations that take place than having the 'right' answer. Within lessons, children will be deciding what they want to investigate, designing their own experiments and then reflecting on what these have shown them. We'd love you to support your child discover just how much fun science can be...over the weekend please help your child to create the largest bubble that they can. Next week we will be asking the children to recreate these mighty masterpieces in class and taking photos to share with the rest of the school.

## World Book Day Tokens

Today your child will receive a £1.00 World Book Day Book Token.

These tokens can be used towards the purchase of any book worth £2.99 or more.

We are pleased to inform you that these tokens can be used at our forthcoming Book Fair in school from 20<sup>th</sup> – 26<sup>th</sup> March.
